## Ministry Biography

Darin Anthony Johnson is a purpose-driven ministry leader, creative strategist, and community servant whose life reflects the unmistakable grace, protection, and restorative power of God. After spending more than two decades navigating addiction, homelessness, and repeated setbacks, Darin’s story stands as a living testimony that no life is beyond redemption.

Across seven rehabilitation programs, Darin consistently encountered God’s presence through recovery ministries, chaplains, and spiritual mentors. Even in seasons of struggle, he was repeatedly recognized as a leader—invited to speak in chapel services, chosen as a graduation speaker, and called upon to encourage others seeking hope. Long before he experienced full deliverance, God was already shaping him into a voice of compassion and strength.

Darin was ordained and licensed in the Church of God in 2006, but voluntarily relinquished his credentials in 2012 when his addiction took him to one of the lowest points in his life, believing at the time that God could no longer use him ever again.

Everything changed on February 11, 2019, when Darin fully surrendered and embraced God’s healing. This moment restored his identity, renewed his calling, and ignited a passion to serve those who feel unseen, unworthy, or beyond reach.

Today, he ministers with integrity, humility, and a message shaped by lived experience. His preaching carries the weight of truth, the clarity of Scripture, and the compassion of someone who has walked through darkness and emerged with purpose.

He is the founder of **KingzDomain Ministries**, a movement focused on evangelism, discipleship, and digital outreach, and the founder of **Consult JDSD LLC**, which equips

churches and nonprofits with creative communication systems, technical solutions, and AI-powered ministry tools.

Darin has preached at revivals, conventions, Sunrise Services, Watch Night gatherings, and special events across multiple states. His ministry centers on helping people encounter hope, healing, and identity in Christ.

---

### **Ministry Summary — Mission, Calling & Passion**

Darin's calling is rooted in the unshakable truth that **God can redeem any story**. His mission is to reach the broken, the addicted, the homeless, and the overlooked—because he has lived their struggle and experienced God's restoration firsthand.

Through KingzDomain Ministries and Consult JDSD, Darin equips churches and community organizations with:

- Creative communication and storytelling tools
- Digital and in-person discipleship resources
- Outreach systems that build connection and trust
- Technical solutions that strengthen ministry impact

Every sermon, outreach effort, and act of service flows from a heart committed to helping others discover the same freedom he found in Christ.

---
